HIGHE SCHOOL NOTES

The students of the Paris schools are anxiously awaiting "the last day of school," which is rapidly approaching. The official program is being rehearsed, and the observance will be an interesting one. Superintendent Lee Kirkpatrick is one of the busiest men in the city these days helping to keep things moving.

The following invitations have been issued to friends and patrons of the school:

The Senior Class of the Paris High School request the honor of your presence at their Commencement Exercises, Thursday morning, June tenth, nineteen hundred and twenty, at ten o'clock, High School Auditorium, Paris, Kentucky.

The following compose the graduating class of 1920: Hazel Brewsach, Katherine Brophy, Mildred Collier, Favoia Dundon, Mary Ellis, Bernice Florence, Alma Louise Goldstein, Geraldine Herrin, Elsie Jacoby, Lillie Kenney, Margaret Lavine, Anne Meglone, Christine McCord, Elizabeth Snapp, Dorothy Tingle, Dorcas Williams, Vail Baldwin, Wood Calvert, Omar Deaton, John Dundon, Alonzo Jacoby, A. T. Price, Ussery Taul, Russell Roberts.

The High School commencement exercises Thursday morning will be held in the Christian church, instead of the High School Auditorium, on account of the large audience usually attending commencement exercises. Rev. W. E. Ellis will be the class speaker. The largest class in the history of the Paris High School will be graduated.

Dr. A. W. Fortune, one of the most attractive after-dinner speakers in the South, will address the P. H. S. Alumnae Association. Be sure to attend this meeting at the "Y" at 8:30 p. m. Thursday. If you are a graduate of the Paris High School, it is earnestly desired that you be present and help to show the city schools of Kentucky just what services an alumnae association can render to a city school. It is hoped there will be 150 graduates present. Will you be one?

SUES FOR DAMAGES

A suit has been filed in the office of Circuit Clerk Wm. H. Webb, by David Myneer against Dewey Jackson, praying for damages in the sum of \$5,000. Both are residents of Bourbon county.

The plaintiff alleges that while he was walking on the Paris and Lexington pike, near Paris, he was struck by an automobile driven by the defendant, as a result of which he sustained a broken and crushed leg and other serious injuries, causing him great bodily and mental pain.

All the world loves a lover, and yet we are also told that pity is akin to love.

MATRIMONIAL.

HODGE—COLDIRON.

—Miss Nellie Hodge, of near Escondida, and Otis Coldiron, of Stony Point, were married at the residence of the officiating minister, Rev. W. E. Ellis, in this city. They will reside at the home of the groom near Stony Point.

The bride is an attractive young woman, daughter of Frank Hodge, a prosperous farmer of the Escondida vicinity. The groom is an industrious young man, who has for several years been engaged in farming on the Alfred Day farm near Stony Point. He is an ex-service man having been in the thickest of the fighting overseas, where he was severely gassed in one of the principal engagements.

TALBOTT—CHAPMAN

—The marriage of Miss Mary Adams Talbott, daughter of Mr. Robt. C. Talbott, of Paris, and Mr. Virgil Chapman, of Irvine, will be solemnized Saturday evening at seven o'clock at the home of the bride's aunt, Miss Elizabeth Grimes, on Duncan avenue. It will be a quiet affair, with only the two families and other intimate friends present. Rev. W. E. Ellis, pastor of the Paris Christian church, will be the officiating minister. Misses Anne Talbott, sister of the bride, and Mary Chapman, sister of the groom, will be bridesmaids, and the bride's nieces will be the flower girls and ribbon bearers.

COUNTY HIGH SCHOOL COMMENCEMENT EXERCISES

The commencement exercises of the county schools will be held tomorrow morning at ten o'clock in the auditorium of the Paris High School, and promises to be one of the most interesting events in the history of the schools.

The Paris City Board of Education is joining with the County Board in holding this joint commencement. Pupils from nearly every school in Bourbon county will be among the graduates. Parents and friends of these children are requested to come and bring their friends. Splendid music will be furnished by Gregg's Orchestra. The musical program will begin at 9:30 a. m., and the commencement exercises promptly at ten o'clock. Members of the City Board of Education and the County Board are requested to be on hand early.

DEATHS.

TUCKER.

—Mrs. W. H. Tucker, aged sixty-nine, one of the best-known women in Clark county, died at her home near Winchester, Friday morning at an early hour, from complications developing from an attack of influenza.

Mrs. Tucker was a daughter of the late Mr. and Mrs. James H. Haggard, of Clark county. She was one of the most lovable women in the county, and had a large circle of friends who sincerely regret her passing. She is survived by her husband, three sons and three daughters, also by four brothers, one of whom, J. J. Haggard, resides in Paris.

The funeral was held Saturday afternoon at 2:30 o'clock, at the family lot in the Winchester cemetery. The interment followed on the family lot in the Winchester cemetery. The pall-bearers were Stewart Haggard, Claude Haggard, Nelson Haggard, D. C. Dunnigan, R. O. Moss and Elkin Hunt.

SHIRLEY.

—Dr. I. A. Shirley, aged seventy-one, one of the best-known and most popular physicians in Central Kentucky, died at his home in Winchester, Saturday morning, from an attack of heart trouble, from which he had been a sufferer for several months.

Dr. Shirley was a son of the late Mr. and Mrs. George Shirley, and was born near North Middletown in this county, where he spent his boyhood days, his parents later moving to Winchester. He had been practicing medicine for the past forty years, graduating from the University of Louisville and from the Bellevue Hospital, in New York. He had been a member of the State Board of Health and former president of the Board, and was recognized as one of the most accomplished members of the medical fraternity in the State. He is survived by his widow, formerly Miss Clay Bradley, one daughter, Mrs. Mae Shirley Johnson, and one brother, Dr. J. A. Shirley, of Mt. Sterling.

The funeral was held at the family home in Winchester, Sunday afternoon at three o'clock, with services conducted by Rev. J. H. McNeill, of the Christian church, and Rev. G. W. Banks, of the Baptist church. The burial followed on the family lot in the Winchester cemetery. The pall-bearers were Drs. J. N. McCormick, E. R. Cole, I. N. Browne, C. G. Stephenson and John A. Snowden.

SUNDAY AUTOMOBILE ACCIDENT.

Sunday was not allowed to pass without its automobile accident. The day promised to pass off without one being recorded, but fate was against it. While riding in an automobile on the Winchester pike, Sunday night with their brother-in-law, Harvey Hunter, Miss Lucy Farrow, operator in the Cumberland Telephone office, and Mrs. Sweeney, sustained severe bruises and shaking up, and Mr. Hunter a gashed face and bruises when he lost control of his machine, which plunged over an embankment. The injured people were brought to their home, where they were given medical attention.

BOURBON FISCAL COURT

At the meeting of the Bourbon Fiscal Court, presided over by County Judge George Batterton, a report was submitted by Catesby Spears and John T. Collins, road commissioners, showing the work of rebuilding and improving the roads of the county to be progressing in a most satisfactory manner. The report shows a total expenditure for May of \$44,941.49. The estimate for June, including taking up of an overdraft for \$9,000, was \$55,000, which amount the Court instructed County Treasurer W. W. Mitchell to borrow.

The report showed the ditching of twenty-eight miles of road at a cost of practically \$350 a mile. The Court took under consideration the purchase of a large power shovel that will do the work of fifteen men, at an estimated cost of \$8,000.

The Court decided to test the legality of the recent \$100,000 bond issue by filing a friendly suit before attempting to sell the first installment of bonds. An amended order was adopted constructing the recent enactment of a twenty-cent special road tax on each \$100 worth of taxable property in the county for State purposes, by which four cents of the amount will be used to meet interest charges and create a sinking fund. The Court then adjourned.

BOURBON MAN, SENTENCED TO DEATH, GETS NEW CHANCE

In the Court of Appeals, at Frankfort, Friday, a new trial was ordered for Oscar Johnson, of Paris, convicted in the Bourbon Circuit Court, and sentenced to death on the charge of killing Walter Rice, in this city, two years ago. Johnson was represented by Attorney Oscar T. Hinton, of Paris, and Governor Edwin P. Morrow, of Frankfort. The new trial will probably be called at the coming term of the Bourbon Circuit Court.

Johnson, who was at the time in the employ of the Louisville & Nashville, shot and killed Rice, a fellow-employee, in the restaurant at Tenth and Pleasant street, then conducted by Ahearn & Burton. The trouble started over disparaging remarks made by Rice regarding Johnson's sister. The killing followed as a result of the quarrel between the two men.

FIRST SUNDAY EXCURSION

The Louisville & Nashville's first Sunday excursion to Cincinnati was well patronized from all points on this division. About seventy-five from Paris took advantage of the opportunity to spend the day in the Queen City. The special train, which left Paris at 8:20 a. m. Sunday, carried sixteen coaches, all well filled.

DISEASE-PROOF PLANTS.

Two Cambridge University botanists claim that it is possible to breed disease-proof plants. A special body of investigators who have been devoting themselves to the practical testing of the Mendelina hereditary law are engaged in immunizing wheat, oats, barley, potatoes and roots, the results of which will be shown in the summer to a distinguished assembly of medical men.

"The plant doctors," as they are called, have already succeeded in breeding a new wheat known as 'yeoman,' which has yielded twelve quarters (96) bushels to the acre, three times an ordinary crop."

CATARHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and tube rested to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies

1/2 cup shortening
1/2 cup sugar
1/2 cup milk
2 eggs
1 teaspoon grated nutmeg
1 teaspoon vanilla extract or
grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking
Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes

4 tablespoons shortening
1 cup sugar
1/2 cup milk
1 egg
2 cups flour
3 teaspoons Royal Baking
Powder
1/2 teaspoon salt
1 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

SENT TO REFORM SCHOOL

Following his conviction on a charge of stealing a purse containing a sum of money from Mrs. Clyde Keller, at the Sweet Shop, in this city, Will Clay, a thirteen-year-old colored boy, was ordered sent to the State Reform School at Greendale. He was taken to the institution by Patrolman Robert Lusk, who arrested him on the theft charge. Clay will have to remain at the Reform School until he attains his twenty-first birthday.

R. O. T. C. TRAINING OFFERS RARE OPPORTUNITY

University of Kentucky students who are enrolled in the Reserve Officers' Training Corps are offered opportunity to attend the summer training camp at Camp Custer, Michigan, from June 17 to July 24, if they so desire.

The camp is four miles west of Battle Creek, Michigan, in an exceptionally favorable location for summer training; there is an ample supply of good water; an electric lighting system and a laundry have been installed. Amusements include "movies" every night, dances, club rooms, hostess houses of the Red Cross and Y. W. C. A. and Knights of Columbus for recreation. Baseball, tennis, and basketball are provided for. There is a library of 17,000 books; religious services and Bible classes are held and lectures and talks are given by prominent educators.

The purpose of the camp is to enable students to balance their winter indoor life by vigorous outdoor life offered by the camp, where everybody is planning with full experience to attain first balance development.

There will be at Camp Custer about four thousand students from colleges in the Middle West. The entire expense of the camp will be borne by the United States Government. Transportation will be furnished the student from the University to the camp and return. Subsistence during the trip will also be supplied and food at camp will be the same as that in the military academy at West Point.

GIRLS! MAKE A
LEMON BLEACH

Lemons Whiten and Double
Beauty of the Skin

Squeeze the juice of two lemons of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant into a bottle containing three ounces lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

Does He Live in Our Town?

He will await his turn at the ticket window or in other public places cheerfully; he will stand patiently while the clerk in the store waits on the customers ahead of him. But when the telephone operator takes a few seconds longer than usual to answer his call he swells all up and says the service is "rotten."

He can see that the clerk and the ticket seller are busy, but he cannot see the telephone operator—so he thinks she must be lazy, or "asleep!"

He forgets that others are frequently ahead of him at the telephone switchboard, the same as at the ticket window or in the store; that calls are coming in in rapid succession and must be answered in their turn; that when half a dozen subscribers all call at the same time, they can't all be answered first!

Extension Telephone Service
In the Office

Extension telephones, for connection with your present service in office or home, are now available.

There is still a shortage of switchboard and of cable which prevents the installation of new telephones in some sections of the city, but this does not affect extension telephone service, on existing lines.

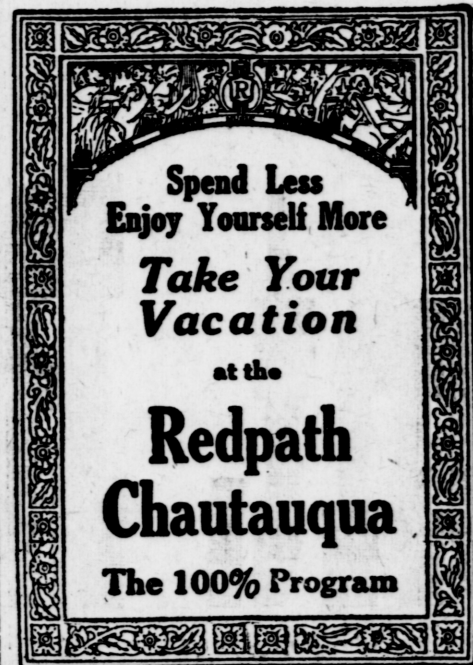

Many offices have expanded so that additional extension telephones are needed. The time saved more than pays the small monthly charge.

In the home there is no greater convenience than an extension telephone on the other floor or beside the bed.

Call the manager's office today and arrange for this service.

AN EXPLANATION.

Dear Mr. Editor:
In THE NEWS of last week in a clipping from a daily paper under the heading, "The Inter Church World Movement," the inference was that in the Assembly of the Southern Presbyterian church, Dr. James I. Vance led an attack on this great movement. In the daily paper from which this clipping was gleaned this was so stated. Inasmuch as Dr. Vance is known all over the United States to have been the fostering spirit of this movement it seems only right to correct the impression which this statement will make in the mind of the reader who is not familiar with what happened at the Assembly of the Southern Church. Dr. Vance not being a delegate to the Assembly did not have the privilege to speak, but by special request of the Assembly he went to the platform to state the origin of the movement, to explain its purposes and to answer any questions concerning it. This he did "with the coldness of an iceberg," to use his own words, not that he was not still in great sympathy with the movement, but because of the limitations put upon him by the Assembly. In no sense could it be intimated that the father had deserted the child. The Assembly voted to remain with the movement with the vote of one hundred and thirty-four to one hundred and three.

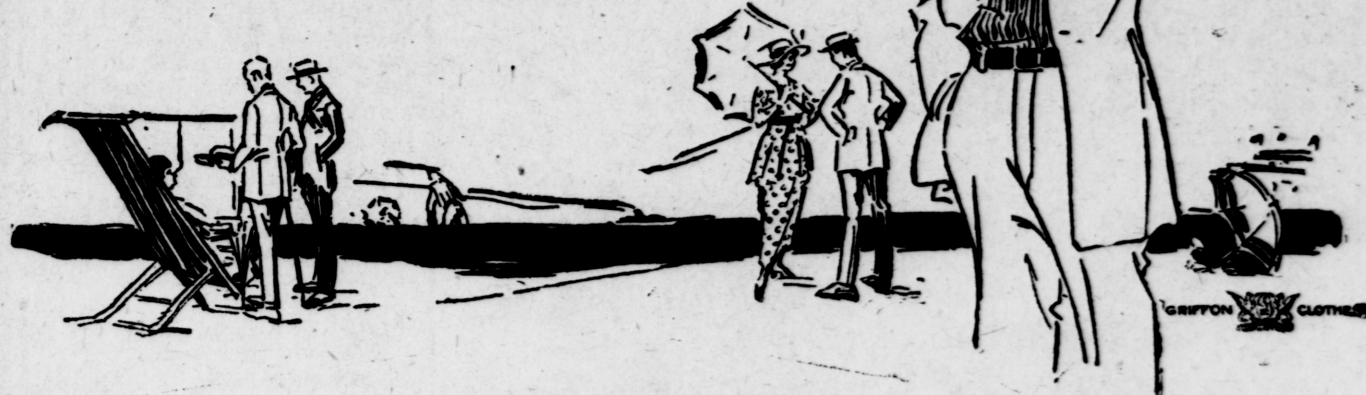

Yours sincerely,
THEO. S. SMYLYE.

DEMURRER OVERRULED IN SUIT AGAINST ELECTRIC COMPANY

Circuit Judge Robert L. Stout has notified City Attorney Denis Dundon that he had overruled the demurrer of the defendants in the case of the City of Paris vs. the Paris Electric & Gas Co. The city sued the Electric Co. for the sum of \$32,000 for alleged overcharges. The suit was filed about two years ago by former Council, through its Consulting Engineer, W. H. Weiss, of Kansas City. The suit was an action looking toward a reduction in the prices of street lights for the city and in the prices charged private consumers. The Electric Co. contended the scale of prices charged was reasonable and fair and filed a demurrer to the suit.

JUNE COURT DAY.

Yesterday was a rather slow Court day, as far as business matters were concerned. There was a small crowd in town, the farmers being busy with their work, and tenants on farms being occupied with tobacco setting, greatly reducing the usual attendance. The mule market was slow, there were no cattle on the market, and only a few plug horses, which found a slow sale. The usual nuisances were on hand, the leather-lunged vociferating exhorter, with his discordant cornet and more discordant oratory, and other forms of nerve-racking noises.

Caywood & McClintock bought one pair of mules for \$750, and one single mule for \$250. James Woodford sold one mule for \$375.

Merchants report only a small volume of business transacted, while collection were not up to the average of former Court days.

COMMERCIAL CLUB MEETING TO-NIGHT.

The regular weekly meeting of the Bourbon County Commercial Club will be held in the court house at 7:30 o'clock to-night. Members predict this meeting will be one of the liveliest that has been held since the reorganization went into effect. A smoker and get-together time will also be held, during which the members will try to install each other with the hopeful spirit of co-operation and helpfulness.

Every business man in Paris and the county, too, should attend this meeting, and, in fact, every other meeting. It is to their interest to do so. Come and hear what goes on. You will be welcomed with any suggestion you may care to present for the betterment of business conditions in Paris. Be one of the great band of progressives who are always in the forefront of every movement for improvement and progress. You cannot very well ask others what the town is doing for you until you ask yourself what you are doing for the town.

Louisville Business Men to Bring World War General Here With Them

When Louisville business men come to this city on their Heads of Houses excursion into the Cumberland mountain section, June 7 to 11, they will bring with them, General Charles P. Summerall, who commanded the famous First Division of the United States Army in the final Argonne drive, which broke the German lines and won the world war. They will also have with them a military band.

The visitors will travel on a special train composed of five Pullmans, two diners, observation car and baggage car. There will be 125 persons in the party.

In every city they visit, it is expected, the Mayor or commercial club will name a reception committee to meet them when the train arrives, and will select a speaker to deliver an address of welcome, to which a member of the Louisville party will respond. A place for holding the reception will also be selected.

The Heads of Houses, it is stated, come as representatives of the Louisville Board of Trade and of wholesale and industrial interests that do an annual business of almost one billion dollars.

Says President Joseph Burge, of the Board of Trade:

"Louisville Board of Trade manufacturers and wholesalers are always very happy to get into the Cumberland

mountain cities. There is no place where on previous trips we have been received more graciously and where we have had a better time.

"We like the people, we like the scenery and we like the many evidences of progress we see on every side."

"No section of the country we truly feel has a brighter future than the Cumberland mountain section of Kentucky and Virginia. The way you are developing your marvellous resources of coal and timber and oil augurs wonderful things for the future. The rapid construction of highways and of other means of transportation is hastening that day.

"Louisville during recent years has come more and more to appreciate the marvellous possibilities of the mountain section and our development tours have probably taken us in recent years just as often there as to any other part of the country.

"And last year when members of the Louisville Board of Trade authorized a fund of \$25,000 and used the money subscribed to send State and Government experts in the solution of problems of rural life to conduct Farmers' Community meetings in forty-two sections, the Cumberland mountain section was one of the first remembered.

"We look forward with unusual enthusiasm to our coming tour of the mountains."

HOW WOULD YOU LIKE TO BE THE GAS MAN?

Add to conditions that have become so common that we are apt to refer to them as "natural," is the fact that the business of producing illuminating gas is in direct competition with between six and seven million American automobiles that are engaged in using gasoline, with the result that 13,000,000 barrels were used in 1919 as compared to 8,500,000 in 1918. And just keep your eyes peeled for the 1920 score sheet.

During the last ten years the increase in the demand for petroleum products has increased 560 per cent, and during the same period the production of crude oil in the United States has increased only 95 per cent. All phases of the oil refining industry have been affected; but, of course, the biggest demand has been for motor gasoline.

To "both eat your cake and have your cake," is as difficult as it is for the country to keep up with the demand for oil and petroleum products. Gas oil is one of the distillates of crude oil, and seventy per cent. of the artificial gas produced in the country is made in processes which require the annual use of about 28,000,000 barrels of gas oil. With the gas industry trailing along as the tail of the gas-eating automobile-dog, while attempting to furnish the necessities of life in competition to pleasure-cars, it will be seen that the gas man is in a pretty bad predicament.

Illuminating gas must go up in price, even though the processes of franchises and old-bargains with city governments are hard to disturb—for while the public usually gives in inch-by-inch to its utilities, it will not see them "bust," or put in so bad a hole that they have to resort to that other alternative of "poor gas," with a low heating value. The gas man is having his share of difficulties, and while "pleasure at the helm" will not give up any considerable part of the road, nevertheless the fairness of the American public may be depended upon to meet so serious a problem in a candid manner.

NEWPORT WOMAN GAINS 22 POUNDS

Restored to Health By Tanlac Three Years Ago and Still In Splendid Condition

"It has been three years now since Tanlac relieved my suffering and built me up wonderfully, and it is still my favorite medicine," said Mrs. Cora Fightmaster, 316 Washington avenue, Newport, Ky., recently.

Mrs. Fightmaster's husband, G. F. Fightmaster, who witnessed her statement, is a prominent member of Newport Lodge, 698 Carpenters and Joiners of America, of which he was a charter member at its organization, seventeen years ago.

"At the time I began taking Tanlac," continued Mrs. Fightmaster, "I only weighed ninety-eight pounds and was flat of my back in bed. But in a few weeks time I had reached my normal weight—one hundred and twenty pounds—and was on my feet able to do all my house work as if nothing had ever been the matter with me.

"My stomach had been troubling me the worst kind for years and gradually got worse in spite of all that could be done for me. Three years ago, just a few weeks before I got Tanlac, my condition became so bad that I was taken to a hospital and was under treatment there for eight weeks, coming home at the end of that time one of the most discouraged persons in the world. I had fearful pains in my stomach, was so run-down, weak and nervous that I felt like I couldn't live, and as nothing helped me I became down-hearted and despondent almost to despair.

"Then I made up my mind to try Tanlac, seeing it so highly recommended, and the very first bottle stopped my stomach pains and nervous troubles and made me eat and sleep well. I soon commenced to regain my lost weight and strength and it wasn't long before I was on my feet again, able to do all my housework. Honestly, I don't believe I would be living to-day if I had not taken Tanlac, and I never fail to keep a bottle in the house. If I have any symptoms of indigestion or begin to feel run-down, Tanlac soon sets me right again. To me there's nothing like Tanlac, and if I could speak with everybody personally, who is suffering like I did I would certainly advise them to try it."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

MORROW NOT CANDIDATE FOR VICE-PRESIDENCY

"I am not a candidate for Vice-President," said Governor Morrow, when asked what would be his attitude in event he was nominated for the Vice-Presidency on the Republican ticket by the National Republican Convention in Chicago. "I have never been a candidate, and do not expect to get the nomination." A broad smile crept over the face of Governor Morrow when asked if he would accept the nomination. "Go on," he said. "You don't think I'm a fool, do you? What man would not accept the nomination? But then there is no need of discussing that matter. I'm not going to be nominated. I'll be here for four years as your Governor."

"I wish now," said the lecturer, "to tax your memory."

Sedan Convenience at Low Cost

Overland Sedan Averages 27.6 Miles Per Gallon in Los Angeles-Yosemite Run

THE OVERLAND SEDAN is proving to owners everywhere the advantages of closed-car summer motoring: A permanent top keeps off sun and rain; plate glass windows shut out wind and dust. And now the 355 mile Los Angeles-Yosemite Economy Run shows remarkable fuel average of 27.6 miles per gallon—a striking endorsement of this Sedan's economy and the riding qualities of Triplex Springs.

BOOZE IS NOT A GOOD CURE

(From the Ames Iowa Intelligencer.)

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

**Pull Together for an
American Merchant Marine**

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us \$3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

marvelous realism for yourself

An audience of 2800 New Yorkers completely baffled! An Official Laboratory Model did it—actually rivalled Anna Case, one of the world's most brilliant sopranos, in a startling test at Carnegie Hall, on March 10th, 1920.

In our store, you can hear an instrument exactly like this famous Official Laboratory Model. You can test it for yourself—and see what a truly perfect realism it attains. We have equipped ourselves to give Mr. Edison's unique Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

The instrument used on March 10th, 1920, in Carnegie Hall, New York, was an exact duplicate of the original Official Laboratory Model on which Mr. Edison spent three million dollars in research work.

We, too, have an exact duplicate of this three million dollar original. We guarantee that it is capable of sustaining precisely the same test made on March 10th, in Carnegie Hall, New York City.

This guarantee will be given in writing, if you wish.

Our Budget Plan puts this guaranteed Official Laboratory Model within your reach. It's a thrifty way of buying. Ask about it when you come to hear the Realism Test.

QUESTION CLEARED UP

Paris Readers Can No Longer Doubt
the Evidence

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Paris' pertinent question has always been, "Has anyone here in Paris been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Geo. McCandles, Second street, Paris, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the troubles and they gave me complete relief."

NO TROUBLE SINCE
Over four years later, Mr. McCandles said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

**BEST REMEDY FOR STOMACH
TROUBLE.**

"I am pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Mamie Bertel, of Moberly, Mo. "I think they are the best remedy for stomach troubles, biliousness and constipation I have ever used. I have taken them off and on for two or three years and they always relieve indigestion, tone up the liver and make me feel fine."

MILLERSBURG

—Cadet H. S. Roche, of V. M. I., is at home for the summer.

—Mrs. W. M. Miller and sons, William and Hart Miller, left Saturday for a few days' visit to Mr. and Mrs. Perry Hutchcraft, at Paris.

—The following is a small list of commencement guests: J. H. Collier, of Paris, with Mr. and Mrs. R. L. Powell; Mr. and Mrs. Thos. Barker, of North Middletown, with Mr. and Mrs. G. L. Hill; H. S. Roche, Sr., of Washington, D. C.; Mr. and Mrs. Massie, of Winchester, and Mrs. W. V. Shaw, of Paris, are a few of the many at M. M. I. Mrs. Mattie Purnell and daughters, Mrs. Bessie Purnell, and Mrs. Frank Collier, of Paris, with Mr. and Mrs. S. M. Allen.

—The commencement exercises of M. M. I. opened Thursday at 9:30 a. m., with the field day exercises on the Campus. Notwithstanding the threatening weather a large crowd was present, and the occasion was a rather sad one, as it is probably the last exercises of the kind held on these grounds. It was the one topic of conversation during the entire time. People talked and thought more about that than they did the exercises they were witnessing.

The cadets had been well-trained and it was hard for the judges to render a decision. The medal in the manual-at-arms was won by Cadet Stephenson, of Winchester. Co. B. won the honors of being the best-drilled company. As it was the last field day exercises there was no presentation of flag to the winning company, as has always been the custom, nor the announcement of officers for the coming year. With the announcement of the judges the exercises closed, and nearly everyone left the grounds with heavy hearts. At 2:30 p. m., the second base ball team of Transylvania and M. M. I. crossed bats on the M. M. I. grounds. Another large audience was in attendance. The game resulted in a score of 3 to 0 in favor of M. M. I. From 8 to 12 p. m. the cadets gave a dance in the Drill

Hall. A large number of out-of-town visitors were present. The occasion was one that will always be remembered by all present, as it was supposed to mark the close of M. M. I. dances.

Friday at 10:30 a. m. a large audience assembled at M. M. I. Auditorium to witness the last M. M. I. commencement exercises. The weather was in harmony with the feelings of the Millersburg public. At the appointed time the class of 1920 took their places on the stage with Col. Best and Dr. Benj. F. Bush, who was to deliver the address of the morning. After a short musical prelude Col. Best introduced Dr. Bush, pastor of the First Presbyterian Church, of Lexington, to the audience. Dr. Bush is a forcible speaker and in his winning introduction soon caught the audience and held it to the end. He dealt largely with heroism and patriotism of the age. He talked forcibly on the necessity of education, the danger of the times, which was largely due to an imperfect education. His address was not long and was indeed a treat to all who heard it. After a vocal solo by ex-Cadet Clay Sutherland, of Paris, Col. Best in a short and appropriate address, awarded the diplomas and read the Honor Roll. The medal for the greatest proficiency during the entire year, was presented by Dr. Bush in a short address. After more music came the announcements.

Col. Best at this time made the best and most appropriate talk that the people of Millersburg have ever heard him make. He began by saying that two hours ago he thought he had a definite program to offer them, since then he had been visited by many of the influential citizens and capitalists of this vicinity, and in short, had decided to make an effort to regain M. M. I. He would meet the County Board of Education at 2:00 p. m. in his office, at which time he would make them an offer. Col. Best announced a mass meeting to be held at 2:30 p. m. on same afternoon; and M. M. I. closed whether to open again we did not know.

At 2:30 p. m. Friday a mass meeting was held at M. M. I. Auditorium. The meeting was a large and enthusiastic one. It was called for the purpose of cooperating with the
